Personal Projects

~ Tic-Tac-Toe Game

- This is a simple tic-tac-toe game made by using HTML, CSS, and JavaScript.
- When a player wins, a small dancing cartoon pops up on the screen.
- If the game ends with no winner, it is considered a draw, and a sound effect indicating loss is played.
- It is fully responsive on all devices.
- Demo Link

~ Dictionary Application

- This is a dictionary application that allows users to find the meanings of words and hear their pronunciations
- It was created using HTML, CSS, and JavaScript, and API was utilized to obtain data for the application.
- It is fully responsive on all devices.
- Demo link

~ Portfolio Website

- This is my portfolio website.
- It is simple yet has a few animations developed using JavaScript and CSS.
- Here one can download my resume
- It is created using HTML, CSS, and JavaScript.
- It is fully responsive on all devices.
- Demo link
